All Petitioners must have approval from:

DPW DIRECTOR _____ Date: _____

TOWN COUNCIL _____ Date: _____

* Section 9-51: *Transfer station* shall mean a facility or facilities operated by or for the municipality whose purpose is the temporary storage and accumulation by permit only of the municipal solid waste generated by residents at their residences prior to its transport and disposal at a state landfill or resource recovery facility and for the temporary storage and accumulation of commercial waste generated by commercial enterprises from within the municipality to which the town has granted a permit for use of the transfer station. Said permits shall be limited to commercial enterprises within the town and shall require that commercial waste be separated into the categories required by the town limited to one-half ton vehicle and for which the town shall charge a fee to be established from time to time for each load to be deposited in the transfer station. All residential and commercial waste must be separated into recyclable and nonrecyclable material.
