Sewer Repair / Replacement Permitting Protocol

- 1. In cases where the applicant will be excavating any portion of a public road, a Road Cut Permit must be issued prior to the issuance of a Sewer connection / Repair Permit. The Road Cut Permit is issued by the Department of Public Works.**

- 2. Upon issue of the Sewer Connection / Repair Permit, the following copies shall be distributed:**
 - 1-to Department of Building & Zoning (Plumbing Inspector)**
 - 1-to DPW Director**
 - 1-to Waste Water Treatment Facility Supervisor**
 - 1-to the Applicant**
 - 1-to File at Office of Town Manager**

- 3. The Sewer Connection / Repair permit applicant shall not permanently cover or back fill the excavation for the connection / repair until the work has been inspected by the Warren plumbing inspector.**

- 4. The Sewer Connection/Repair permit applicant is responsible for coordinating inspections with the Department of Building and Zoning (Plumbing Inspector) and is required to produce and submit an appropriate "as-built" drawing in accordance with the Sewer Ordinance. Pictures or any other appropriate documentation of the connection or repair should also be submitted.**

- 5. Except for single family dwellings, there shall be a \$500.00 escrow deposit made with the Town of Warren prior to issuance of a permit.**

- 6. The fee for a "sewer connection permit" for an equivalent dwelling unit shall be \$750.**

- 7. The fee for a "sewer repair permit" shall be \$150.**

ISSUED: 01/06/2012

"The Town of Warren is an equal opportunity provider, and employer."
